Perfect layout to start working on your Agile Board. Three different sizes provides you options to pick the one that works most on your case!

The special deisgn prevents any wear off on the surface and it is designed to last for years!

Full Magnetic, powerful but also convenient

Unique Flexible Kanban Board

This is a uunique product comes with unique features. Despite it is conveniently thin and flexible, it is surprisingly powerful in terms of magnetic power. Also it will serve as a white board on your wall!

Snap on it, Write on it

Multi funtional board set

Not only you can snap and stack the magnetic cards on this board, but you can also use it as white board! It is not one of those bulky and space taking boards! It is functional and powerful than average magnetic boards on the market. Moreover, this is a Kanban Board Set!

All the pmxboard mahnetic cards are suitable for these flex magnetic boards. They will snap on it easily, eveb you can stack them! Remember, this is thin, but strong!

Available in three sizes

Three different options to build your Kanban

1) Small Size for personal use - comes with three columns;
   a) To Do , b) Doing, c) Done

2) Medium Size for small teams - comes with four columns;
   a) Backlog, b) To Do, c) Doing, d) Done

3) Large Size for big teams - comes with six colums;
   a) Backlog, b) Sprint, c) To Do, d) Doing, e) Verify, f) Done

Installation

You have two options to hang your board on the wall!

Option 1) Use the both side adhesive stickers that come with the set! Please note that these adhesives may damage your wall if you decide to remove the board from your wall at some point due to the strength of the adhesives.

Option 2) Use the screw set via the holes on the corners of the board.

Things to remember;

a) Please make sure that you pull from the corners when you are drilling the wall to make sure that you do not leave any bumpy surface on the board and it is firmly flat for a better user experience

b) Please remember to use the leveler that comes with the set to make sure your board is stragiht on the wall!

c) Make sure to have fun with your board!

Low - Medium - High Priority Rows

Pre designed low-medium-high priority rows crossing the entire Kanban Board will help you to prioritze or deprioritize your tasks!
